Did you know…

Symantec™ Healthcare Industry Solutions can help you secure patient data, improve IT efficiency and medical staff productivity, **and** reduce costs?

HiMSS®
HIMSS09 Chicago

April 4 – 8, 2009

Booth #1039

Symantec can help you...

- Discover and tap into underutilized storage
- Increase data-center efficiency
- Protect patient data without impacting clinical staff productivity
- Reduce compliance and audit costs by automating processes
- Implement efficient roaming and remote access for clinical staff without compromising security

Come see us at HIMSS09 - booth #1039 in Chicago to learn more. **Bring this card and enter to win an Amazon Kindle™.**
